ACKNOWLEDGEMENTS

The Digital Atlas of Indigenous Nations of Australia platform and the INITs were made possible through the following research support:

CSIRO Kickstart Grant	Foundational grant determining feasibility and need for INITs spatial infrastructure.
CSIRO Indigenous Research Grant Program	Supporting Indigenous-led research into INITs.
Data61 (CSIRO) — Co-collaborator	Technical co-collaboration (AI, blockchain, dynamic UI).

These acknowledgements do not constitute assignment of intellectual property rights. All IP remains solely with Dr Mark McMillan.

ACKNOWLEDGEMENT OF ACCESS UNIT CONTEXT

The access fee structure adopted by INITs utilises a standardised Access Unit of AUD \$2.00 per AUIN accessed per session.

This Access Unit is intentionally aligned with the Australian two-dollar coin, a widely recognised and enduring unit of value in Australia. The standard reverse design of the

Australian two-dollar coin has, since its introduction, consistently featured an Aboriginal Elder together with national symbols, including the Southern Cross and native flora.

This reference is contextual only and does not constitute cultural representation, endorsement, or attribution. It provides a publicly intelligible unit through which access to jurisdictional infrastructure may be understood.

1. DEFINITIONS

In this Agreement:

“Access Unit” means a standardised fee unit equal to AUD \$2.00, applied per AUIN accessed per session.

“AUIN” means Australian Indigenous Nation identifier. Each AUIN accessed constitutes one (1) Access Unit.

“Data” means Sovereign boundary polygon datasets, AUIN-coded spatial records, geometry, and metadata.

“View-Only” means Access limited to visual display within the Platform. No export or reproduction permitted.

2. NATURE OF THE DATA AND LICENCE

This Agreement grants a limited, revocable, non-exclusive, non-transferable, session-based, View-Only licence. The Data does not leave the Platform under any circumstances.

3. ACCESS TIERS AND FEES

All access is fee-based. There is no free tier.

One (1) Access Unit applies per AUIN accessed per session.

Each Access Unit is priced at AUD \$2.00.

Total fee per session is calculated as: $\text{AUD } \$2.00 \times \text{number of AUIN accessed}$.

Enterprise full national suite (390 AUIN): $\text{AUD } \$2.00 \times 390 = \text{AUD } \780.00 per session.

4. RESTRICTIONS ON USE

No download, export, screenshot, or reproduction.

No redistribution or sublicensing.

No misrepresentation of Indigenous sovereignty.

5. GOVERNING LAW

This Agreement is governed by the laws of Queensland, Australia.
